Finolex Academy of Management and Technology, Ratnagiri

Department of Information Technology

Subject:	**LOGIC DESIGN (ITC 302)**		
Class:	**SE IT / Semester – III (CBGS) / Academic year: 2017-18**		
Name of Student:			
Roll No:		**Date of performance (DOP) :**	
Assignment/Experiment No:	**5**	**Date of checking (DOC) :**	
Title: Working with IP tables			
Marks:		**Teacher's Signature:**	

1.Aim: Study of comparator

2. Prerequisites:
Logic gates, comparator

3. Hardware Requirements:

1. IC 7485, 7486
2. Digital Trainer kit
3. Breadboard and connecting wires, probes

4. Software Requirements: --

5. Learning Objectives:

1. To understand what is comparator
2. To understand 2 bit using logic gates and 4 bit, 5 bit comparison using IC 7485.

6. Course Objectives Applicable: CO 2, CO 3, CO4

7. Program Outcomes Applicable:

8. Program Education Objectives Applicable:

9. Theory: **<Preferably given as handwritten work for students>**

10. Results:

<Source code and screenshots of the output to be added here.>

11. Learning Outcomes Achieved

1. Understanding mounting of logic circuit on breadboard
2. Understanding of what is comparator
3. Understanding of how to implement 2 bit using logic gates and 4 bit, 5 bit comparison using IC 7485.

12. Conclusion:

13. Experiment/Assignment Evaluation

SR	Parameters	Weight	Excellent	Good	Average	Poor	Not as per requirement
		Scale Factor ->	5	4	3	2	0
1	Technical Understanding	25					
2	Performance / Execution	25					
3	Question Answers	20					
4	Punctuality	20					
5	Presentation	10					
	Total out of 100 --> #(to be converted as per term-work evaluation applicable to the subject)		**∑ (Weight * Scale Factor)/5 = _____**

Viva Questions

1. What is mean by logic gates?
2. Explain gates with TT and Symbol.
3. What is comparator?
4. How to implement 2 bit using logic gates and 4 bit, 5 bit comparasion using IC 7485.
