

Big Data Analytics

Across

- 2. File system used by Big Data Systems
- 4. NoSQL database follow which Theorem
- 6. Distance measure that applies binary space vectors
- 7. Famous Document Database
- 9. Node that tracks the Job progress
- 11. Distance that applies for Strings
- 13. Distance for Sets

Down

- 1. another common Ranking Algorithms
- 2. Node sends following signal
- 3. This filter is space efficient probabilistic filter
- 5. ranging Algorithm used by Google
- 8. famous Graph Database
- 10. Node that tracks task progress
- 12. Framework for Processing Big Data
